

## **Affiliate Agreement**

---

This agreement defines the relationship between SureCode and you ("Affiliate"), in your role as a SureCode Affiliate.

Upon approval of your request to become a SureCode Affiliate, you will receive from SureCode Technologies, Inc. a unique Affiliate ID and link. In order for you to receive credit for any sales that occur from your referrals, those referrals must place their orders using your Affiliate link.

When a Web Database ordered through your link has been active for 30 days, your account will be credited with \$10.

You will receive commissions due you quarterly, on or about the first business day of January, April, July, and October. Payments are made only via PayPal. You must have a PayPal account to receive your Affiliate payments (visit <http://www.paypal.com>).

With the exception of sending unsolicited commercial email or the use of other illegal or unethical techniques, you are free to market SureCode Web Databases as you see fit. All efforts on your part and any information provided by you to sales prospects must conform to this Agreement.

SureCode provides resources for Affiliates on our Affiliates Resource page ([http://www.surecode.com/af\\_support.html](http://www.surecode.com/af_support.html)). These resources may be used on your Web site or in other ways allowable by this agreement. You are also free to use marketing resources you have created or have the right to use, as long as those resources don't violate this Agreement in any way.

Either SureCode or you may terminate this Agreement at any time. Upon notice of cancellation, any commissions due you will be paid on the next quarterly payment date. No further commissions will be paid after that date.

You warrant that you have read and agree to the provisions described in SureCode's Terms of Service Agreement and will adhere to them in all marketing efforts associated with SureCode products and services.

By using your Affiliate link, you warrant that you agree to and accept all terms and conditions of this Agreement.
